

CERTIFICATION OVERVIEW & HOW TO FIND ODOT CONSTRUCTION CONTRACT OPPORTUNITIES (ODOT)

OHIO DEPARTMENT OF
TRANSPORTATION

AGENDA

- Welcome & Introductions
- Certification Overview
- How to find ODOT Opportunities
- ODI Updates
- District Regional Outreach Managers Map

The Ohio Department of Transportation (ODOT) supports the state highway system and promotes transportation initiatives statewide.

As a more than \$3 billion per year enterprise, ODOT invests the bulk of its resources in system preservation through maintenance, construction, and snow and ice operations.

SMALL BUSINESS ENTERPRISE (SBE)

Small Business Enterprise (SBE)

ODOT's SBE program is a race/gender-neutral set-aside program

- SBE firms must be prequalified (at bid time) with ODOT in order to bid on SBE set-aside projects.
- The SBE must perform or exercise responsibility for at least 30% of the total cost of its contract with its own workforce.
- Note: SBE certification is not intended for, and will provide no benefit to, firms that do not intend to participate in ODOT contracting and consulting activities as prime contractors. ODOT may reach out to firms that do not appear to be good candidates for prime contracting (e.g., trucking firms, supply firms) and encourage such firms to withdraw their SBE certification applications. ODOT's [Outreach](#) staff can assist these firms with locating potential business opportunities among ODOT and its prime contractors.

ACDBE CERTIFICATION (AIRPORT CONCESSIONS)

ACDBE stands for “Airport Concession Disadvantaged Business Enterprise.” It is a companion program to the more familiar Disadvantaged Business Enterprise (DBE) program but targets the concession side of FAA spending.
