Airport Authority Receives Excellence in Financial Reporting Certificate for 19th Consecutive Year *Highest Form of Recognition for Governmental Accounting, Financial Reporting*

COLUMBUS – The Columbus Regional Airport Authority is the recipient of the Certificate of Achievement for Excellence in Financial Reporting for the 19th consecutive year. The Government Finance Officers Association awarded this certificate to the Airport Authority as a result of its 2010 Comprehensive Annual Financial Report.

The Comprehensive Annual Financial Report, commonly known as the CAFR, provides detailed information about the financial status of the Airport Authority. The Certificate of Achievement is the highest form of recognition in the area of governmental accounting and financial reporting. The award recognizes the Authority for going above and beyond generally accepted accounting principles and displaying the spirit of transparency and full disclosure. Only 36 airports received this award, placing the Authority among the top 10 percent of the nation's airports in this regard.

“The Authority takes great pride in making accurate, detailed financial data available to the public,” said Elaine Roberts, President & CEO of the Columbus Regional Airport Authority. “This award is a true testament to the high caliber of professionals working within our finance division.”

The Airport Authority's CAFR was selected for the award after a review by a committee comprised of public-sector financial reporters, financial statement preparers, independent auditors, academics, and other finance professionals. The 2010 CAFR is available for review on the Authority's [website](#) as will be the 2011 CAFR when it is available in mid-2012.

The [Columbus Regional Airport Authority](#) operates Port Columbus International Airport, Rickenbacker International Airport and Bolton Field Airport in Columbus, Ohio. For additional information contact [Angie Tabor](#), Manager of Communications, at 614-239-4081.
