Due to the increased number of flights and passengers departing from Rickenbacker International Airport via Allegiant, a new parking lot is being constructed adjacent to the existing lots.

The lot is still within walking distance to the terminal and will have the same rate as the current lots, which is \$7/day. The lot is expected to be open by the end of the year.

## ***Foreign-Trade Zone #138, serving Rickenbacker and 25-county area, recognized for driving economic growth***

The [American Journal of Transportation](#) recently credited FTZ #138 for its critical role in driving development in the Columbus Region and beyond.

The FTZ lets users defer, reduce or eliminate customs duties while saving money and ensuring security controls.

An FTZ is a site within the United States that is legally considered outside of customs territory, allowing goods to be brought in without formal customs entry. FTZs have grown in popularity for consistently creating and keeping jobs and capital investment in the country.
